CHAPTER XXII.

THERE are many kinds of flour sold. Some are made from spring wheat and some from winter wheat.

What you ought to know is which wheat makes the best flour, and why.

Winter wheat is put into the ground in the fall, grows a few inches, then gives up to the snow. When the snow melts it grows again, ripening in July. It matures slowly, is soft and very starchy.

Spring wheat is sown n late April or early May, and ripens in August. It matures rapidly and is therefore strong. It's a flinty, translucent wheat, rich in gluten and containing nearly twice as much real nutriment as the winter wheat.

Royal Household

is made entirely from the hard, nutritious spring wheat, carefully selected from all the when ... this kind grown in Canada.

/ Royal Household is fine, light and pure-milled by the most improved anothods—in a mill as cleanly as your own kitchen.

Ask your grocer for Ogilvie's Royal House-hold—just enough to try. He may charge you a few cents more than you are used to paying, but you will forget that when you see the results in your bread and pastry.

Ogilvie Flour Mills Co., Limited Montreal.

Build a house for "Little Friend."
Underneath the sunniest grass.
In a place where birds' songs blend
On the breezes as they peas.

Dig it not with sorrow's spade, Use no sharp-edged tools of pair Nothing there must cast a shade. Nothing there must leave a stain

Build the walls of hope and joy, Gladsome as the flowers and tre Else the little merry boy Will not rest in it at ease.

Bring no torch or other light, As though darkness could be For a soul so pure and bright Will give radiance everywhen

Beild the roof of faith and love. Pillared on foundations deep. That the rain of tears above Will not mar his happy sleep.

Build no staircase for his feet, 'Make no doorway in the wall, For he treads the polden street Where the Christ is all in all.

For A Man's Christmas.

Anbody who has to buy Christmas presents for a man--young man or old--knows how hard it is to find out what he really wants. Often it's hard for him to say what ne really wants; "just get me some little thing, anything will do;" that's the way he's apt to talk.

Now there are two things you want to bear in mind in planning a man's Christman, if you're normal, what he wants. The first is, you'd better buy it in a man's store, when he'd buy his other buy.

The first is a mind of the first is not the first in a mind store, when he'd buy his other buy.

The store is not beautiful you'll end by coming here: for this is no adoptated for men's things, You might you'll not be you might only of grown as a present a fine suit or overcoat; that may sound a little prossic for a Christman sight; but any man who gets one of corr

You can spend any sum from 25 cents up to 875 or \$100 here and get full value or every cent of it; and "man'a things" at that. Anything bought here may be extanged by you, or the man, if it doesn't prove just what he wants.

Anbody who has to buy Christmas presents for a man--young man or old--knows how hard it is to find out what he really wants. Often it's hard for him to say what ne really wants; "just get me some little thing, anything will do;" that's the way he's apt to talk.

Now there are two things you wink to bear in mind in planning a mark Christmen, if you're ortain what to want. The first is, you'd better by it in a mark after, where had buy his other by. The second is, he always wants new, handesme things to wear. If you start out with those videous in the property of the property
